AKUNTHA : LIMITLESS ENERGY

At Akuntha, we believe in sustainable energy for betterment of all people and our environment. Sustainable energy includes not only renewable energy, but also energy conservation. Better technology, processes, continuous observation, skilled engineers and deep data analysis will help us reduce our energy usage.

ABOUT AKUNTHA

We are Gujarat's leading Electrical and Solar Services Provider. We are registered with various private and government companies as an electrical contractor. We have our administrative office in Gandhinagar, Gujarat. However, our 540+ team members are working on various projects throughout the state of Gujarat.

Akuntha manages several dozens of electric substations and solar power plants as part of O&M (Operations and Maintenance) contracts. We have installed dozens of rooftop and ground-mount solar power plants in various locations in the state of Gujarat

Akuntha builds durable, efficient, eco friendly and pocket friendly solar plants for you. We work with brands that provides highest quality in solar panels and inverters.

ELECTRICAL AND SOLAR EPC/O&M SERVICES CONTRACTOR

With our huge team, we have ventured into many electrical services including substations, transmission lines, cable laying, LED lightning works, solar plant EPC and all kind of O&M work for solar plants and substations

SUBSTATION SERVICES
