AKUNTHA : LIMITLESS ENERGY

At Akuntha, we believe in sustainable energy for betterment of all people and our environment. Sustainable energy includes not only renewable energy, but also energy conservation. Better technology, processes, continuous observation, skilled engineers and deep data analysis will help us reduce our energy usage.

ABOUT AKUNTHA

We are Gujarat's leading Electrical and Solar Services Provider. We are registered with various private and government companies as an electrical contractor. We have our administrative office in Gandhinagar, Gujarat. However, our 240+ team members are working on various projects throughout the state of Gujarat.

Akuntha manages several dozens of electric substations and solar power plants as part of O&M (Operations and Maintenance) contracts. We have installed dozens of rooftop and ground-mount solar power plants in various locations in the state of Gujarat.

Akuntha builds durable, efficient, eco-friendly, and pocket-friendly solar plants for you. We work with brands that provide the highest quality solar panels and inverters.

ELECTRICAL AND SOLAR EPC/O&M SERVICES CONTRACTOR

With our huge team, we have ventured into many electrical services including substations, transmission lines, cable laying, LED lightning works, solar plant EPC and all kind of O&M work for solar plants and substations

CURRENT PROJECT - 100 MW INSTALLATION & COMMISSIONING WORK WITH ADANI & NTPC at RE PARK, KHAVDA, GUJARAT

Akuntha has been awarded around 100 MW solar INC work in multiple blocks by Sterling & Wilson in one of the biggest Ground mount solar projects of NTPC in India at RE park, Kutch, Gujarat. Our team has been working on various blocks of 17 MW each for Foundation, MMS and Electrical works. We are also working with Adani Green Energy for similar task.

SUBSTATION SERVICES

33kv, 66kv and higher

SUBSTATION ERECTION / EPC WORK

We have erected more than 17 66kv substations with GETCO in Gujarat and working on erection projects of 8 66kv SS currently.

SUBSTATION OPERATION / MAINTENANCE

We are currently providing O&M services in 42 substations across Gujarat and on average we do O&M of around 60 SS every year.

SUBSTATION TESTING SERVICES

We provide multiple testing services implementation for a substation

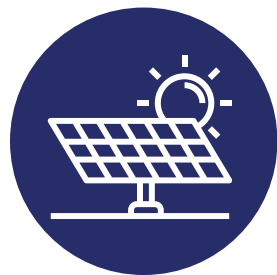

SUBSTATION MANPOWER AND STAFFING SERVICES

We provide necessary qualified manpower to run a substation on more than 1 year contract.

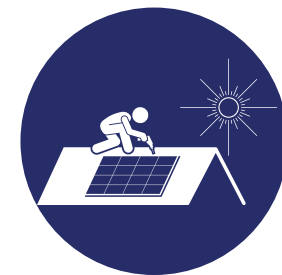

SOLAR CONTRACTOR SERVICES

60MW+ INC, EPC and O&M Solar Projects

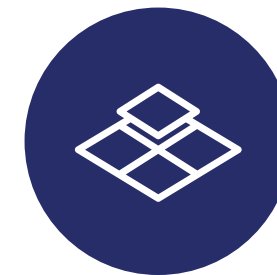

SOLAR PLANT EPC WORK

We have built dozens of rooftop and groundmount solar plants on EPC basis. We are developing more than 100 MW solar plants at RE Park, Khavda, Kutch.

SOLAR PLANT O&M WORK

We currently provide O&M services to more than 1MW of solar plants. Our Services include washing cycles, testing and fixing any problem to generate high electricity production.

SOLAR PLANT LIASONING

With our expert and experienced team, which includes, retired government officers, we're always on top to engage with various stakeholders to ensure project succeeds.

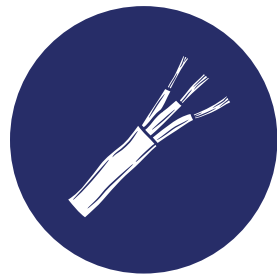

ELECTRICAL SERVICES FOR A SOLAR PLANT

We provide all types of electrical services such as erecting transformers, panels or even erecting whole substation on a large ground mount or rooftop solar plants. We also provide cable laying services.

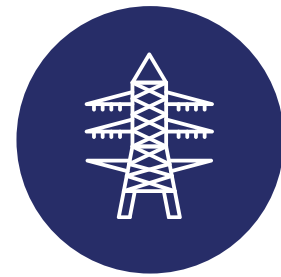

ELECTRICAL CONTRACTOR SERVICES

Cable laying, transmission line, LED lightening and more

CABLE LAYING EPC WORK

We provide EPC services for underground cable laying to various companies such as ONGC.

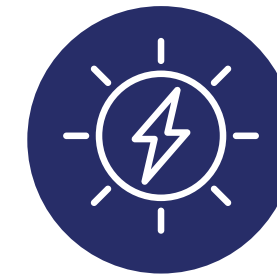

TRANSMISSION LINE WORK

We are capable of constructing and erecting HT transmission line over 11kv capacity.

LED LIGHTENING EPC PROJECTS

We participate in LED lightening projects on either EPC mode or we can provide manpower for street light, high mast or building lightening contracts.

ELECTRICAL SERVICES FOR BUILDINGS

We work with lot of MEP consultants. We provide various electrical services for factories, commercial or residential buildings.

Highest Integrity, Skilled Team, Quality Material, Smooth Processes, Unparalleled Result

At Akuntha Projects, we always believe in quality work. We procure highest quality material from market for any of our EPC or O&M Projects.

Over period of 10 short years, we have grown our company to maintain 67 substations of 66kv with our 240+ strong electrical engineers team and erected 15 substations.

We have managed more than 7MW solar projects in last 10 years.
